**Stronger  
Together**

HSC is proud to partner with  
Tarrant County Public Health  
to make these vaccinations available.

# Stronger Together

The COVID-19 vaccines are our best chance at safely getting back to the things and people we miss most. COVID-19 vaccines are safe, effective and available in your neighborhood. **Together, we can get back to what we love!**

## **Why should I get vaccinated?**

When you get a vaccine it protects you from getting seriously sick. Protecting yourself also protects the people you love including your family, friends and community.

## **Are the COVID-19 vaccines safe?**

Yes. The COVID-19 vaccines are research-based and tested for quality, safety and effectiveness before being offered to you.

## **Are COVID-19 vaccines FREE?**

Yes. You can just walk up to the clinic and get vaccinated.

## **How do I get my second dose?**

If indicated, you will be contacted when it's time for your second dose. Unless directed otherwise, you will return to the location where you received your first dose of the vaccination.

**Stronger  
Together**

HSC is proud to partner with Tarrant County Public Health to make these vaccinations available.
